

# PRODUCT RECALL

## Clinisan Bodywash

(SBA250 and SBA500)

### ALL IN-DATE BATCHES

24<sup>th</sup> November 2023

Dear Healthcare Professional,

As per our previous communication sent on November 17<sup>th</sup> 2023, we wish to advise you that all in-date batches (latest expiry date: 3<sup>rd</sup> July 2025) of the product listed above are being **voluntarily recalled with immediate effect**.

This recall is being issued to the **level of end-users**.

**This action has been notified to the UK Office for Product Safety and Standards.**

The reason for the recall is that microbial contamination was detected in certain product batches. This contamination can be a safety risk and therefore all batches are being voluntarily recalled as a precautionary measure.

We request that you perform the following actions:

1. Please immediately identify and quarantine any units of these products within your pharmacy. For hospital pharmacies or other such healthcare facilities, this includes units at wards, clinics and any other relevant locations within the hospital or facility.
2. If you have supplied packs of these products to any other pharmacy, hospital, clinic or other such establishment, please forward a copy of this recall letter to them, and request they quarantine and return any unused units to you.
3. Please destroy any quarantined units in your possession through appropriate measures. Please ensure that all units are destroyed within 4 weeks of this notice. Please complete the Customer Reply Form confirming the details requested and contact [product.safety@vernacare.com](mailto:product.safety@vernacare.com) for information in relation to credit. Please note: customer credits will not be managed by Vernacare if you have not purchased directly from us. Please facilitate any credits with your direct supplier.
